

The **World Caribbean Golf Challenge Tournament** ended up the 2011 edition with the **World Final** that took place on last December at **La Estancia Golf Resort**, La Romana, Dominican Republic.

All the players with their companions stayed at Sea Dreams Club in Baiahibe for one week: together with a numerous group of Italians, about 60 persons with the 37 finalists who played their National Final at La Estancia Golf Resort together with the foreign players.

The all inclusive formula of the Resort gave to all the guests a lot of services: water sports, gym, tennis, bar services free all day long, breakfast, lunch, dinner and pizza at midnight but, above all, an amazing beach with white sand on the Caribbean sea.

The week was really great: all the guests played golf every day, not only for the practice round and for the final but even the other days: infact, nearby La Romana, there are some famous golf courses like Teeth of the Dog and Dye Fore at Casa de Campo, La Estancia Golf Resort, PB Dye's where the finalists had the world final and where all the golfers of the group played every day without booking.

The weather was nice and all the guests, players and companions, relaxed on the beach, dedicated themselves to other sports.

Carole Tremblay, sport manager of La Estancia Golf Resort and Mr Diego Cancarini, the golf referee of the tournament, congratulated with Absolute Golf for the level of the players especially in the first Category.

After the Final and the Prize Giving Ceremony that took place at Mr Anacleto Martin presence, representing Absolute Golf, the guests spent the days at the beach and at the golf course.
